LS 201 : HC Academic Tutor Training Across the Disciplines: Hybrid Course

This course has been designed to provide training for individuals who will work as peer tutors on campus and online. It focuses on tutoring principles found universal to effective tutoring across different disciplines and settings. Because these principles are flexible, each tutor will be applying them in practice to his or her own major, exploring and adapting strategies as they suit specific tutoring situations. At the completion of the course, tutors will have basic knowledge of tutoring skills and techniques needed to work with students in our diverse campus environment. This is an eight week hybrid course: weeks 1, 4, and 8 on campus, and weeks 2, 3, 5, 6, and 7 online.

Credits 1

Prerequisites

A GPA of 3.0 or better; a referral or recommendation from at least one faculty member; availability of two-hour blocks of time to schedule tutoring per week for a total of 16 hours per semester for two consecutive semesters following course completion.
